

# Aliza Hitchins

Zookeeper

## Profile

Dedicated Zookeeper with 1 year of experience in providing high-quality animal care and creating engaging educational experiences for visitors. Proficient in maintaining clean and safe habitats, monitoring animal health, and assisting with behavioral enrichment programs. Demonstrated ability to work effectively in a team environment and communicate with diverse audiences. Eager to contribute further to the well-being of animals and the promotion of wildlife conservation.

## Employment History

### Head Zookeeper at Safari Zoo Nevada, NV

Mar 2023 - Present

- Successfully increased annual visitor numbers by 20% within two years, from 500,000 to 600,000 through the implementation of targeted marketing campaigns and the introduction of new, interactive exhibits.
- Led the development and launch of the zoo's first-ever nocturnal exhibit, which attracted over 100,000 visitors within the first three months of operation and generated a 15% increase in overall ticket sales.
- Established a comprehensive animal welfare program that reduced animal stress levels by 30% and increased breeding success rates by 25%, resulting in the birth of 50 new animals across various endangered species over a five-year period.

### Assistant Zookeeper at Wild Wonders Nevada, NV

Aug 2022 - Feb 2023

- Successfully increased visitor engagement by 25% within one year by implementing interactive educational programs and animal encounters, leading to a significant rise in positive guest feedback and return visits.
- Effectively managed the care and maintenance of over 100 animals representing more than 50 species, maintaining a 98% health and wellness rate and significantly reducing instances of illness and injury.
- Played an instrumental role in the successful breeding and rearing of 20 endangered species native to Nevada, contributing to conservation efforts and raising awareness about these species among the local community.

## Certificates

### Association of Zoos and Aquariums (AZA) Professional Certificate in Zoo and Aquarium Science

May 2022
