SUMMARY

Highly skilled and experienced Oral Surgeon with a strong background in dental surgery, committed to delivering exceptional patient care and advancing the field of oral surgery through continuous education and innovation.

EXPERIENCE

Oral Surgeon Jan 2018 – Present
Dental Care Clinic New York, USA

Perform complex surgical procedures, including wisdom tooth extractions, dental implants, and bone grafting, with a success rate of 95% and a patient satisfaction rate of 98%.

- Conducted thorough patient evaluations, including medical history reviews and diagnostic imaging, to develop personalized treatment plans.
- Utilized advanced surgical techniques, such as Piezoelectric surgery and laser surgery, to minimize patient trauma and promote faster healing.
- Collaborated with multidisciplinary teams, including orthodontists, prosthodontists, and periodontists, to provide comprehensive care for patients with complex dental needs.
- Developed and implemented effective pain management strategies, resulting in a 25% reduction in post-operative pain and a 30% decrease in patient anxiety.

Resident Oral Surgeon Jun 2015 – Dec 2017
Hospital Dental Department Chicago, USA

Participated in a comprehensive residency program, gaining hands-on experience in various oral surgical procedures, including maxillofacial trauma, orthognathic surgery, and cleft palate repair.

- Assisted in the management of emergency cases, including facial trauma and dental emergencies, with a response time of under 30 minutes and a success rate of 90%.
- Conducted research studies on oral surgery topics, resulting in two published papers and a presentation at a national dental conference.
- Developed and presented educational lectures to dental students and residents on topics such as oral pathology, radiology, and surgical anatomy.
