Reading and analyzing policy papers

Profile

Policy Analyst with 1 year of experience in conducting research, analyzing data, and developing policy recommendations. Adept at collaborating with cross-functional teams, preparing reports, and presenting findings to stakeholders. Strong analytical, problem-solving, and communication skills, with a focus on delivering data-driven solutions to address complex policy issues. Committed to enhancing policy development and implementation processes for improved outcomes.

Employment History

Senior Policy Analyst at Idaho Policy Institute, ID

- Feb 2023 - Present
- Successfully developed and implemented 10+ major policy recommendations for the Idaho state government, resulting in a 15% increase in overall efficiency and cost savings of over \$5 million annually.
 - Conducted comprehensive analysis and evaluation of Idaho's education system, leading to the adoption of 3 key policy reforms that improved student performance by 12% and increased graduation rates by 8%.
 - Spearheaded a data-driven research project on Idaho's healthcare system, resulting in the identification of critical gaps in service delivery and the allocation of \$2 million in additional funding to address these issues.
 - Collaborated with a team of researchers to analyze the economic impact of proposed legislation, ultimately influencing the decision-making process of policymakers and contributing to the passage of 4 significant bills that generated over \$20 million in revenue for the state.

Policy Analyst at Idaho Freedom Foundation, ID

- Aug 2022 - Dec 2022
- Successfully analyzed over 150 pieces of legislation during the 2019 legislative session, resulting in a comprehensive policy report that informed stakeholders and shaped future policy decisions.
 - Developed and implemented a new policy tracking system that increased efficiency by 30%, allowing the organization to monitor and respond to a greater number of legislative proposals.
 - Authored 20+ policy briefs and opinion articles that reached over 50,000 readers, raising awareness about key issues and promoting the organization's policy recommendations.
 - Established and maintained relationships with over 100 policymakers, industry leaders, and community stakeholders, which led to the successful implementation of 10 policy recommendations in the 2020 legislative session.
