PROFILE

I am an Air Traffic Controller with over 3 years of experience in the field. I have a strong understanding of aviation rules and regulations, and I am able to effectively communicate with pilots to ensure safe travel for all passengers. In my previous role, I was responsible for managing air traffic at one of the busiest airports in the country. My skills and experience have allowed me to successfully coordinate take-offs and landings during high-traffic periods, ensuring that all flights are completed safely and on time.

EMPLOYMENT HISTORY

● Air Traffic Controller at Air Traffic Control Association, VA

Mar 2022 - Present

- Successfully managed incoming and outgoing aircraft for a total of 12,345 flights in 2015.
- Successfully directed 1,876 landings and takeoffs in a single day during the summer of 2016.
- Maintained a safe distance between all aircraft under his or her control at all times.
- Communicated effectively with pilots to provide them with updates and instructions while also following up on any requests they may have had.
- Worked closely with other air traffic controllers to ensure that everyone was aware of what was happening in the airspace at all times.

● Air Traffic Controller Trainee at National Air Traffic Controllers Association, VA

Jul 2019 - Feb 2022

- Learned basic Air Traffic Control procedures and concepts.
- Completed 10 hours of simulator training.
- Monitored and directed aircraft in controlled airspace during day and night conditions.
- Coordinated with other air traffic controllers to ensure safe separation between aircraft.
- Communicated effectively with pilots, using proper radio procedures.

EDUCATION

Air Traffic Controller Training Program at Hampton Roads Academy, Newport News, VA

Aug 2015 - May 2019

Some skills I've learned are Air Traffic Control clearances, aircraft separations, and emergency procedures.
